About Me

8 years of hands-on work with Machine Learning and PyTorch, most recently as Senior Data Scientist. Known for reliable delivery and pragmatic solutions.

Experience

2024 - Present

Senior Data Scientist
Bluepeak Systems

- Presented findings to non-technical stakeholders and turned them into roadmap items (PyTorch, pandas)
- Designed and analysed 8 online experiments (TensorFlow, Machine Learning)
- Improved model precision by 40% through feature work and error analysis (Data Visualization, PyTorch)
- Built data pipelines and notebooks used by 8 analysts (Jupyter, Data Visualization)

2020 - 2024

Data Scientist
Saffron Street Bank

- Presented findings to non-technical stakeholders and turned them into roadmap items (Data Visualization, NLP)
- Built data pipelines and notebooks used by 3 analysts (TensorFlow, Airflow)
- Improved model precision by 25% through feature work and error analysis (pandas, Data Visualization)

2017 - 2020

Data Scientist
Ferrowind Technologies

- Built data pipelines and notebooks used by 4 analysts (PyTorch, TensorFlow)
- Set up experiment tracking and reproducible training runs (pandas, Data Visualization)
- Trained and evaluated models for a ranking problem
- Improved model precision by 35% through feature work and error analysis (Data Visualization, Machine Learning)

Technical Skills

Backlog Prioritization	pandas	User Research
NLP	Airflow	Technical Writing
Machine Learning	Jupyter	Docker
scikit-learn	PyTorch	Data Visualization
Communication	TensorFlow	

Education

2017 — B.Sc. Data Science, Solvang Polytechnic

Languages

English (C1), Italian (intermediate)

Courses & Certificates

TensorFlow Developer Certificate
Machine Learning Specialization
